extend from the 550-foot level to below 1500 feet.

Flush production resulting from off-set wells probably will not be encountered in the new field, oil men assert, dur to the fact that the Mid-Kansas Oil and Gas Company, subsidiary of th Ohio company, and the Transcontinental Oil Corporation own a majority of the proven acreage in what is believed to be the apex of the structure and the heart of the field. The discovery well was drilled in the exact center of their holdings and development has spread only from that well.

OKLAHOMA REPORTS

FORT WORTH (Tex.) Nov. 16. (P) The Record Telegram will say to-morrow oil men here are indignant at the hailing of the No. 2-C Yates of the Mid-Kansas and Transconti-nental Oil Companies in the Yates pool as a 65,000-barrel well and the "third largest ever completed," in news dispatches emanating from Tulea.

news dispatches emanting from Tulsa.

This large figure is reached by extending on a twenty-four-hour basis the production the well made during the first forty-five minutes when it was opened up after a two-day shut-down, it is pointed out. During the two days when it was practically shut in a "head" gathered and when opened up for a few minutes the oil came with a big rush. Such a phenomenon is well known in all oil fields and the production for that short time is a far different matter than production at the end of twenty-four or forty-eight hours or at the end of a week, the paper will say. UNCLE SAM CALLED UNFAIR PLAZA BATTLE

No Taxes Paid on Valuable Government-Owned Property in Washington and New Plan Pushed

BY ROBERT B. ARMSTRONG

"Times" Staff Correspondent
WASHINGTON, Nov. 16. (Exclusive)—Uncle Sam himself is accused of
evading his tax payments in Washington, for if the Federal government
paid taxes on the government-owned tax-free property it would have to pay
annually large sums on a total valuation of close to half a billion dollars.
Calvin Coolidge with his salary

of \$75,000 annually, and \$25,000 for official traveling expenses would be bankrupt if he had to pay taxes on I.FAP FAILS bankrupt if he had to pay taxes on the White House manion and grounds for, at the rate of taxation paid by she private owner of property in the District of Columbia, his annual tax bill for just he house and grounds would be a total of \$374,000, not counting any furniture or personal property taxes. He would face a yearly deficit of \$300,000 besides paying out his whole annual salary.

The White House and the grounds that surround it are worth at least \$22,000,000 at present-day realty 1 lues and it is by far the most valuable residential property in the district, according to Tax Assessor Richards.

WHITE HOUSE THIED

A story of being marooned in a bliz-zard for two days and a night was told today by a doctor and a nurse of the State Board of Health. The

Sale of Trade Vessels Fails

WASHINGTON, Nov. 16. (Exclusive)—Shipping Board members on the special subcommittee to formulate a plan to advertise all government-owned vessels of the Shipping Board now operating on the Pacific from Seattle, Portland and San Francisco failed to reach any agreement today. Another meeting has been arranged for Friday, when further data will be available to provide for interchange of ports in the operation of all such ships after going into private ownership. It is expected that next Tuesday both the administration plans for the sale of these ships on a five-year basis and to the proposed by Commissioners Hill, Teller and Smith for a ten-year guarantee will be placed before the full board for action.

Congressman Will Wood of Indiana, had a long conference with President Coolidge today and urged that the ships all be sold on a five-year basis. He afterwards indicated that he had the support of the entire Republican administration in such a plan for the abolition of government operation of the merchant marine on the Pacific Ocean.

Coolidge to Get Medal Tonight in Philadelphia

Presidents Lincoln and Johnson, Mr. Coolidge will be given honorary membership in the league.

The league was founded sixty-five years ago to promote support for the Lincoln policies during the Civil War and was made up of wealthy Philadelphia Republicans. It is not strictly a party organization.

begs is the demand of the Moorish brigands as a ransom for the six French hostages they are holding in the middle Atlas mountains.

The captives are Ives Steeg, nephew of the French resident general; Theodore Steeg, Sean Maillet, the Baroness Steenhell, Mme. Marie Prokoroff and two little girls of the Arnaud family. The four adults were carried off on October 22 and the children were abducted by the tribesmen after their parents had been murdered.

ERE'S where hundreds and thousands of boys and girls, young men and young women, will soon foregather! Seven great educational institutions are the magnets that are drawing them westward. Seven splendid campuses are being laid within three miles of the center of Sawtelle! University of California at Los Angeles, Occidental College, Pacific Palisades, Harvard Military School, St. John's Military School, Westlake School for Girls and Hollywood Military Academy.

Over \$20,000,000 is the expenditure already planned for the erection of buildings by these schools and colleges. And many millions more will be represented in beautiful homes, sites for which have already been sub-divided and are being sold at an astonishing rate.

With schools ranging from kindergartens to colleges, Sawtelle is destined to be the great educational center of Southern California. What parents are not thrilled with the idea of having their children complete their entire education and still live at home? Sawtelle affords a choice of preparatory schools and colleges without obliging the children to go away or the family

Its geographical position, its position in relation to five great highways, Wilshire,

Santa Monica, Pico, Exposition and Sepulveda Boulevards and the character of its development make it the logical location for numerous industrial plants, wholesale houses, retail stores and professional offices to serve this potentially rich and populous district.

There is a splendid omen in the fact that Sawtelle is to be a collegiate center—a center of Youth! For Youth symbolizes unbounded vigor, hope, vitality, ambition, progress! And that's precisely the spirit of Sawtelle today! Right on the threshold of a magnificent development-optimistic, enthusiastic, determined that her wonderful future shall be realized!

If you, too, are young in spirit, looking for Opportunity, Sawtelle has a place for you. As the first step in finding it, get the facts about Sawtelle by mailing this coupon today!

ARLAN FENGLER, who was ARLAN FENGLER, who was once known as the baby race driver, hereafter will be known as the baby speedway promoter. His maiden production, which is coming up for presentation at the revamped Ascot Bowl on Thanksgiving Day, seems destined for complete success.

JACK

seems destined for complete success.

With A.A.A. backing, the veteran Fred Wagner as the official
starter, Barney Oldfield in the
picture as an official and with all
the sanctioned and best-known
drivers eligible for competition,
Fengler should have no trouble
in coaxing out a crowd to see the
restivities because this city always has been one of the
best speed bug spots in the country.

Los Angeles lost one of its landmarks when the speedway at Culver City was permitted to pass out of the control of A. M. Young, who so successfully oper-

ated the old bowl at Beverly Hills, and the only speed plant left is Ascot.

It was at Beverly, by the way, that Fengler first broke into the racing picture, first as a riding mechanic with Harry Hartz in the days of the two-seated racers and then as a pilot of the Wade special. It was that year—1923—that saw the Beverly track's worst accident, when the owner of Fengler's car and a newspaper photographer were mowed down by Harry Hartz as a result of a mix-up in directions on a practice lap. that Fengler first broke into the

Fengler was then approaching top form as a driver. The following February he won the Beverly Hills race and set a new world's record of 116 m.p.h. But during practice at Indianapolis for the ensuing Hoosier classic he received injuries which defi-(Continued on Page 2, Column 4)

Sturzenegger, General Manager Steve Cunningham, Trainer Scotty Finlay and three student football managers will make up the party of Bruins that leave at 6:30 tonight for Tucson to meet the University of Arizona Saturday afternoon.

Spaulding is taking along two quarterbacks, nine halfbacks, three fullbacks, seven ends, six tackles, seven guards and three centers. The squad will arrive in Tucson Friday noon and will stay at the Congress Hotel there. The Bruins will get back in Los Angeles at 10:25 Sunday

mediately after the game.

The Bruins finished up their last-Southern Conference schedule Saturday when they defeated Caitech in the Rose Bowl. Their exact standing will be determined this Saturday by the Oxy-Pomona grudge battle. Should the Pomonans win the title will go to the Sagehens again, but should the Tigers upset the dope bucket the Bruins will come out on top for the first time.

By virtue of being held to a 14-

This new lather soothesinstead of smarts

Now science has learned how to control bydrolysisthat enemy to comfortable shaving. This new, remarkably soothing cream actually leaves your face refreshed.

MANY men felt that the old skinsmarting shave they so frequently experienced was a necessary evil.

But it is not. For scientific men have at last learned to control hydrolysis—the real factor of discomfort in shaving.

Hydrolysis is the scientific name for the process through which free alkali is released when soap is dissolved in water. All soap-and this includes shaving soaps—is made with caustic soda or caustic potash (lye). As long as this caustic constituent is combined in the soap it is harmless, but when water is added a part of the soap "hydrolyzes," forming free alkali. It is this alkali, so liberated, which, in combination with the action of the soap, causes skin

irritation. No wonder your skin sting after shaving!

Now, after four long years

It took chemists in the Squibb Labor tories four years to learn to contri hydrolysis and to make a really great shaving cream.

The day they reduced the amoun of free alkali released by the process hydrolysis to one part in 325,000 marked a revolutionary step toward the end of the old, uncor shave. Then they added cert lient ingredients which are positive beneficial to the skin. . . .

And so, tomorrow, when you step up to the bathroom mirror it can be to the sweetest, smoothest shave you

No matter how tough your bear is, this new Squibb's Shaving Crean is equal to softening it! And it will leave your skin velvet smooth, flexible and refreshed. No trace of smart. No need for tales and lotions. It work marvelously, even in cold water.

Get a tube today. Try it-ju once! You'll never go back then to the old way.

Eddie Sauers increased his lead over Harold Engle to 207 to 103 by exhibiting a let of cue wisardry in the second block of their 300-point pocket billiards match last night at the Hillstreet Billiard Parlors. Sauers's high run of the evening was twenty-nine. The final block of the match will take place tonight at the same place. A SHAVING CREAM BY SQUI

(A)—That Stanford is no longer a favorite to win the annual big game

BRUINS LEAVE FOR GRID TILT

OBSERVATIONS

OR some reason or other the simultaneous announcement that Jack Dempsey had not been hurt and that Stan-

not been hurt and that Stanford had been invited to represent the West New Year's Day at Pasadens, seems a remarkable colucidence. For, after all, didn't Stanford fall down an elevator shaft last Saturday—assisted by a slight push by Santa Clara—and apparently Stanford is moworse hurt in the sight of Pasadens than Dempsey was. The idea of Stanford vs. Washington and Jefferson pius Pop Warner vs. Andy Kerr certainly his its strong points. Georgia is our own personal preference right at this moment, but may not be two weeks from now. Washington and Jefferson is sure to come here with a fine record, and Stanford's record will be good enough providing the Bears don't bowl the Cards over—which isn't at all impossible.

defeated, and Southern California leads the second division of teams that have been tier but not beaten, which includes Illinois, Tennessee, Pittsburgh and Washington and Jefferson.

Unfortunntely we haven't space to run Bro. Rice's entire missive, which, in his customary efficient style, backs up opinions with scores. However, he arrives at the conclusion that Southern California and Georgia are really the two outstanding teams of the country and providing that both maintain their present gait and aren't bowled over in the remaining games of their respectives schedules, a winner of a game between them would come as near being a national champion as is humanly possible, in a year of upsets such as this.

He winds up with a grandeulory of Morley Drury as an allieulory of Morley Drury as and all and the description of the description of the description of the description of the de

He winds up with a grand eulogy of Morley Drury as an all-American prospect. He says "his presence brings out the best in his team and the eleven functions as an unstoppable unit when he is in the game. He has everything—color, power, drive, speed and judgment. His power and drive pulverize the line, and once past the line of serimmage there is no harder man to stop in the open field. His average for the season has been more than five yards for every time he has carried the ball, and he can play any backfield position better than any other all-American candidate."

(Continued from First Page)
and which numbered the powerful University of Washington
eleven among its victims. This
year nearly all the football
writers figured that they would
be stronger than last and were
somewhat surprised when they
fell as successive victims of
Washington and the Oregon Aggies. In their games this year
they have some way failed quite
to hit their stride, but the power is there if they could only
utilize it as well as they did last
year.

which they were a disappointment.

The Aggies, it may be said, are in some danger in this idaho contest. They realize that they have a hard game but they feel confident of victory and are directing their chief attention to the game with Garageis Tech, which they will play in Portland a week later. The Oregon Aggies have more intersectional games than any other of the northern institutions. They have made some spectacular wins over teams from the East and Middle West, but they have also met with some crushing defeats. Coach Schissler has been pepping up his men to the necessity of maintaining Pacific Coast football prestige by defeating Carnegie.

Washington will rest this weekend and meet Oregon at Scattle on
Thanksgiving. For once the Oregonians, who usually prove dangerous
to Washington, are not expected to
give Bagshaw's men much trouble, so
that the Purple Tornado can reserve
its real strength for the big battle
with Southern California, which
comes on December 3.

McCOY GETS KAYO WIN IN GO WITH IMPERIAL

FRESNO, Nov. 16. But it is not. For scientific men have at last learned to control hydrolysis—the real factor of discomfort in shaving. Hydrolysis is the scientific name

for the process through which free alkali is released when soap is dissolved in water. All soap-and this includes shaving soaps—is made with caustic soda or caustic potash (lye). As long as this caustic constituent is combined in the soap it is harmless, but when water is added a part of the soap "hydrolyzes," forming free alkali. It is this alkali, so liberated, which, in combination with the action of the soap, causes skin

irritation. No wonder your skin sting after shaving!

Now, after four long years It took chemists in the Squibb Labor tories four years to learn to control

hydrolysis—and to make a really great shaving cream.

The day they reduced the amount of free alkali released by the process of hydrolysis to one part in 325,000 marked a revolutionary step towar the end of the old, uncom shave. Then they added certain enor

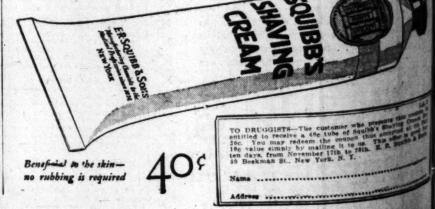

lient ingredients which are po

beneficial to the skin. . . And so, tomorrow, when you step up to the bathroom mirror it can be to the sweetest, smoothest shave you ever had.

No matter how tough your beard is, this new Squibb's Shaving Cram is equal to softening it! And it will leave your skin velvet smooth, flexible and refreshed. No trace of smart. No need for tales and lotions. It works marvelously, even in cold water.

Get a tube today. Try it-ju once! You'll never go back then to the old way.

BABES VICTORS

Leading Lightweight Teams Continue Streaks Mechanics Wallop Franklin; Romans Cop, 24 to 7

lefferson Crushes Lincoln Grid Squad, 34 to 0

L. A. Hish. 24: Hollywood, T.
Pelytechnie, 18; Franklin, 6.
Jefferson, 34: Lincoin, 6.
Manual Arts bye.
Coach Raiph Jesson's Poly lightweights kept pace with the Los Angeles High bantams in the race for
tha Class B City League grid title by
defeating the Franklin midgets, 13
to 0, in a game that was featured by
"Porky" Goldman galloping and the
atifi defense put up by the Kiteflyers.

Jackie Fields and Mushy Callahan glared at their sparring partners yesterday and heated themselves up to the encouning battle which they will fight next Tuesday night as the Clympic.

The bout has aroused their rival clans to fever heat. Both sides are claiming it will be a one-sided fight. Gig Booney, manager of Fields, declared that friends of Fields were making him a 10-8 and 10-7 favorite over Callahan already. When Eddie Sears heard of this matter he branded that as a lot of applesauce.

"I saw a man offer to bet \$1000 to 8800 on Callahan last night and give away the draw," says Sears. "Anybody who wants to give odds on Fields can break me. Fields is a dancer, not a fighter.

"Jack Silver would never have beaten Mushy if he hadn't been side. We came near calling off that fight.

"As to the Baby Joe Cans and Dick Hoppe fights, I'll leave that to any judge of boxing that they were close. Callahan showed about 50 per cent of himself against Hoppe the other night. The boy has been tidle and sick and doesn't figure to be right until he has been under fire again, "Callahan has never feared Fields weight elevens. Line-ups:"

WIN OVER HOLLYWOOD

Regardless of the fact that the variety schedule had been changed. Coach Dave Ridderhof's L. A. High lightweight football charges took on, as pre stated, and walloped the Hollywood midgets, 24 to 7, yesterday afternoon on Housh Field.

The tilt was featured mainly by the consistent fumbling on the part of both sides. Hollywood scored its only touchdown late in the last quarter when a had pass from the opposing center was scooped up by Hendrickson, left half, and carried safely over the goal line. L. A. got one of its scores on a Redshirt's fumble and was put in convenient positions to count on several other occasions as a result of the Sheiky misques. Horace Miller, L. A. fullback, tore off considerable yardage at the expense of the Red and White line. Miller accounted for three of Romans' four touchdowns, Kenny Fay, husky L. A. haifback, turned in the longest run of the game, a 65-yard sprint in the final period for the Pioneers' last score. The line-ups:

Young Wants Bears to Win on Saturday

SACRAMENTO, Nov. 16. -When the Golden Bears take the field in their annual big game with Stanford at Palo Alto Saturday Gov. C. C. Young will be in the stadium

"I'm hoping that the Beara are the victors," declared Gov. Young, "although I am not ovsuper coach and hard to beat."
The reason for Gov. Young's partiality toward the Bears is

OWENS IS FAVORITE FOR BOUT

Ernie Picked to Down Tom Corbett in Battle at Legion Stadium

Tom Corbett and Ernie Owens wind up training today for their fight at the Hollywood American Legion Stadium tomorrow night and the trainers of the fighters report them in wonderful shape. Owens being a local boy enters the ring a favorite, mostly on sentiment.

avorite, mostly on sentiment.

This fight means a great deal to Owens and Corbett. Ernie has again struck the stride that made Jack Kearns buy his contract and believe he was going to be a heavyweight championship contender. If he beats Corbett then Owens can easily claim the heavyweight championship of the Pacific Coast. He recently fought a draw with Leo Lomski, who is now a sensation in New York.

Very little is known of Tom Cor-

York.

Very little is known of Tom Corbett in this city, but all one has to do is take a look at the boy in the symmasium and realize he is some fighter. He has plenty of class and is a stiff number. Owens can't ighter. He has plenty of class and a stiff puncher. Owens can't frighten Corbett and if he wins it will be after a hard battle.

As an added attraction Bill Hunter, director of intercollegiate athleities at the University of Southern California, will be presented with a wrist watch. Hunter will be one of the board of strategy at the Southern California-Notre Dame football game in Chicago next week.

Interest in the semi-wind-up is about as keen as the main event. Al Corbett, brother of Tom. who fights Owens, will battle Vigo Doman. They are heavyweights and good ones.

KEARNS DRAWS WITH DEMPSEY

(Continued from First Page)
to the paper, realizing that it was
"only a scrap of paper."
The document, however, was returned by the commission and Dempsey himself signed the next one. It
was only to pave the way for the
Dempsey-Firpo fight, Driscoll announced, pointing out that Dempsey
always shared 50-50 with Kearns, yet
the contract called for a 67-33 split.
The contract was signed on September 22, 1923, and was to be retroactive to September 14, the day of
the Firpo fight, he said. Kearns said
that the agreement was retroactive
to August 3, 1923, and was effective
until August 3, 1926.
Arthur N. Sager of Kearns's
counsel, opened for the plaintiff
with a caustic attack upon
Dempsey, Judge Runyon calling a
foul only when he began painting Dempsey as a tramp of the
road. Sager swept quickly
through the background of the
litigation, telling of the contract
and how it bound Dempsey to pay
over to Kearns one-third of what
he would have recrived if he

and impeding hurrying office workers.

Tex Rickard was in the courtroom,
seated with Dempsey and his array of
legal taient and in the Kearns camp
was Mickey Walker, middleweight
champion of the world.

Billy Gibson, manager of Champion Gene Tunney, crashed the gate
only after considerable difficulty.

GUARDSMEN TO HEAR GAME With the initial kick-off of the annual Army-Navy football game, alumnia of West Point and Annapolis will have reserve and National Guard officers as their guests at the yearly luncheon to listen by radio to the contest, at the Biltmore, the 26th inst., according to an announcement just made by Maj. David E. Coles, U.S.A., executive officer of the One Hundred and Sixtieth Infantry, California National Guard.

JEFFERSON, LINCOLN IN TILT TODAY

Railsplitters Favored to Upset Democrats in Prep Grid Clash

Coach Bill Bates's Lincoln Railsplitters, who have hopes of bowling over Jefferson and Manual Arts in their remaining games so Arts in their remaining games so as to achieve a fairly successful season after a rocky start, will take the field favorites to upset Jim Pursell's Democrats today in the first half of their program. The game will be played at Jefferson and will get under way at 8 o'clock.

The Democrats have been

et under way at 8 o'clock.

The Democrats have been bowled over by Manual Arts, Franklin, L. A. High, Hollywood and Polytechnic so far this year and todny's game will give them their final chance to break into the win column. On the strength of past performances, though, it would appear that the Democrats are destined to continue in their unwelcome role of doormats for the rest of the City League.

Jefferson's hopes will rest on the

the rest of the City League.

Jefferson's hopes will rest on the speedy hoofs of Creecy and an aerial combination that features McClung and Oothard. The Democrat line appears to be big enough, but so far it hasn't been able to give the opposing backs much opposition.

Lincoln had not won a game until last week, although the Rallsplitters did hold Polytechnic to a scoreless tie earlier in the season, when it came to life with a bang and bumped Franklin, 20 to 6. Alvis Parrish, speedy halfback, practically thumped the Kiteflyers single-handed and the Democrats will find him a troublesome individual today.

Polytechnic and Franklin are scheduled to tangle tomorrow afternoon in the Coliseum. The Mechanics are heavy favorites since the Kiteflyers' dismal showing against Lincoln.

Daily Workout for Squashers

tional senior A.A.U. squash tournament, slated to start next Monday at the Hollywood Athletic Club, are reporting daily and by the latter part of the week, Bill Holman, squash commissioner, and Bob Howard, ath-letic director, expect more than 200 of the n ation's greatest racket wield ers to enroll for the big annual event. Both singles and do be played and two weeks will be spent

be played and two weeks will be spent holding the tournament. The first seven days will be reserved for the singles matches and the last week doubles will be played.

Howard and Holman have been driving the film city squash team at a dizzy pace the past few days and they expect to have the squad in great shape for the opening matches, Hollywood will depend on Leslie Klawater. Bill Holman, Sandy Wilson, Dan Jones, Tom Gallery, Doc Henderson, Bert Hartwell, Jim Drake, Chet Cooper and a few other championship class players will make up pionship class players will make up the balance of the team.

YACHTSMEN TO BE HONORED A dinner honoring Rear-Commodore Eugene Overton and Vice-Commodore E. Clem Wilson, who have just returned from a cruise of southern waters, will be stage by the Pacific Coast Yachting Club tonight at La Venta Inn in Palos Verdes.

SELF-HELP PROGRAM

GRAND RAPIDS (Neb.) Nov. 18. (P)
The greatest and most permanent benefits to the farmer will come from a program of self-help, Secretary of Agriculture Jardine believes.

At the same time, he said in an address read today before the Nebrasks Farmers' Elevator Association by R. W. Duniap, Assistant Secretary of Agriculture, there is no doubt a need for constructive legislation to assist the development of co-operative marketing.

"One need at the present time is for a system of credit which will enable co-operative associations to acquire adequate plants and facilities and which will permit them to obtain the necessary loans at reasonable rates of interest and under long-time terms of repayment." he said "I am hopeful that Congress will give attention to legislation of this kind at the coming session."

FUTURE OF FARM.

FUTURE OF FARM.

PICTURED AS BRIGHT state for the past three years. To close the bars against this labor will result in an increase in the cost of handling crops with a corresponding rise in the price of products, he stated.

ASK FOR TRAFFIC DUTIES

MILWAUKEE (Wis.) Nov. 16. (P)—
Immediate enactment by Congress of legislation covering traffic duties on all raw products which directly or indirectly compete with products of United States farmers is asked in resolutions adopted today by members of the National Co-operative Milk Producers-Federation at their final meeting here.

The legislation would provide the same protection for agriculture as is now provided for industry and would help bring relief to American farmers now suffering from economic depression, the resolution said.

The directors unanimously reelected John D. Miller, Susquehanna.

COMPLETE

All this week, an Examination of Your Eyes, a pair of apherical glasses, in a frame, complete for \$3.15.

Gold or Shell Frames, Torica, Cylindrical, fancy shapes and double vision glasses correspondingly low.

If your gyes are Strained they require specially Ground Glasses to retain their Freshness and Brilliancy. Don't squint and suffer from Headaches and Nervousness. Properly fitted lenses may change your character. Any glass may do, but Properly Fitting the eye is really Essential for Eye Comfort.

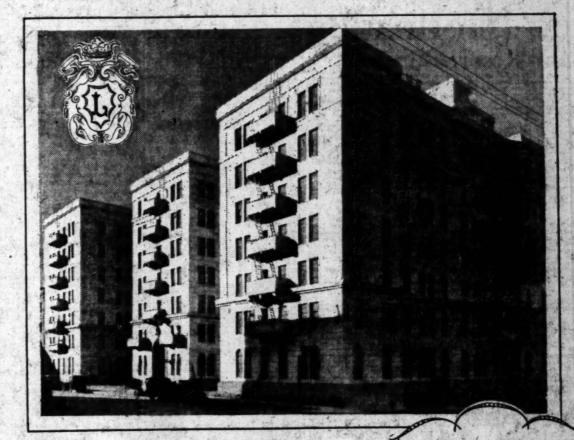

If it's good, careful, painstaking, conscientious work you want. I'll give it oyen. We are living in an age of Specialism—when the best is colled by Competition. See plainty and clearly.

I try to be reasonable in my charges. No drops used. Some of your neighbors are wearing glasses I fitted.

BUCHAREST. Nov. 16. (P)—Despite the government's action in forbidding a Congress of the National Peasants' party to meet Sunday at Albajulia a party manifesto issued today calls upon delegates to meet in Bucharest on that day.

"We are determined to make every secrifice to terminate this regime which threatens the very existence of the state," says the manifesto, which also declares, "every day life has become a Calvary for honest people."

The outspoken manifesto declares that the present Bratiano government came into power by usurpation and freud, that public administration is in an anarchistic state, that the government's economic policy has brought powerty and misery to the people, and that the inconsistent financial policy of the government is keeping foreign capital out of the country.

ITALIAN LAW BROUGHT UP AT DIVORCE

> Offenses Charged Against **Duke in Connecticut Court** Held Trivial in Rome

BRIDGEPORT (Ct.) Nov. 16. (P)-Charges of infidelity brought by the Duchess Mary Elsie Moore Torlonis against her husband, Duke Marino Torlonia of Rome, were countered in Superior Court here today by testimony designed to show that under Italian law the acts charged do not assume the legal significance they have under American law.

have under American law.

Duchess Torlonia, formerly Eisi Moore of Greenwich, took the stand in her own behalf today and told of her discovery that her husband was maintaining improper relationships with Maria Lorenzino of Rome, how she visited Miss Lorenzino to learn of actual conditions, attempted to trail her husband, and of how he knocked her down with a heavy manogany chair afteresin altercation.

She left the Duke, she said, after this episode.

The defiance carried through two main contentions: That the Duchess is absent from her husband, and is in the United States, illegally: and that such are the differences in the status of husband and wife, under Railan law, that for Duke Torlonia the offenses complained of do not assume the seriousness they would under American law.

ON CRIME NEWS OF WRITING FAME DIES

Man Who Evolved System Used in Public Schools of Nation Expires

NEW YORK, Nov. 16. (P)—Austin Norman Palmer, originator of the Palmer system of bandwriting, which

large cities, died here today.

For a quarter of a century he cam paigned to introduce his system of writing, maintaining that its use would prevent lateral curvature of

papers to refrain from the publication of articles glorifying crime today was adopted by the Peace Officers' association of California in the closing session of its seventh annual convention.

The resolution after reciting the numerous crimes of violence throughout the State concludes:

"Resolved, that we appeal to the press of this State to eliminate all news from their columns which may tend to Storify the crime of robbery or make heroes of the murder-bus bandits. And be it further,

"Resolved that we appeal to the proble and solicit their sid in creating a sentiment against bandity."

ELECT JEENIGAN

Sheriff Samuel Jernigan of Orange tounty was elected president of the association, succeeding Chief W. T., Stanford of Vallejo and San Bernardino won out over Santa Crus for the 1928 convention.

The other officers elected were: Chief C. W. Potter, Scockton, first lice-president; Sheriff Walter A. Shay San Bernardino, second vice-president; Chief J. S. Yancy, Long Reach.

FRUITLESS

Death List in Pittsburgh Blast Still Twenty-six as Search Continues

PITTSBURGH, Nov. 16. (P)—The nal death toll in the North Side dis-

final death toil in the North Side dis-trict gas tank explosion probably will not mount much beyond thirty, offi-cials declared tonight after another day of intensive search failed to re-veal any additional bodies. The death list remains at twenty-six.

Virtually every section of the plant at the Pittsburgh City Pot Company, wrecked when a huge gas tank of the Equitable Gas Company let go Monday, was explored thoroughly. Company officials said that although twenty-five of their employees still are listed as missing, they believe all are safe at their homes or unidenti-fied in hospitals.

FRENCH OIL ILLS IRRIGATION TAX TO BE TREATED MAY BE LEVIED

Admiral Robison Hired to Action Hinges on Test Case Solve Storage Problems

Time Held Ripe for Better Retroactive Payments to be Motor Fuel Distribution

United States to be Benefited Lines Drawn in Bay City for by New Development

NEW YORK, Nov. 16. (P)-Rear-Ad-Navy, retired, has been retained by a capitalists to solve the oil-storage problems of France, in that country's

independence." It was announced today.

As crude oil now is available in
large quantities from Russis, Persia
and America, Admiral Robison caid,
no monopoly can dictate restrictive
conditions to France. He declared the
time is favorable for France "to bring
about a better and more economical
distribution of motor fuel, while inaugurating a system for storing and
refining which will help her in times
of pesce and afford her better protection in times of war.

"The French government," he continued. "The business of pesce and afford her better protection in times of war.

"The present government and activities smill a raction against irrigation districts throughout California and the

the condition of proper function against irrigation districts throughout California and the
other western States.

They nave, heretofore, been tax
free as far as income of the
comes was concerned, but if the highest courts decide that irrigation commer

"The French government." he continued. "has but to revise its petro-leum laws so that capital can feel it is not penalized when it invests heavily in pipe lines, reservoirs, tankage, cracking-plants and distribution facilities.

"The United States will undoubtedly benefit economically from this new development, since much of the capital to be profitably employed will come from here, and an opportunity to sell crude oil in big lots will present itself. Open competition, however, will govern."

As a government engineer, Admiral Robison devised plans for strategically storing petroleum in this country, and was called as a witness in the Teapot Dome case at Washington. His latest undertaking was announced by Ray Rivington Powers, Paris financier, who is known in New York and Atlanta, and was confirmed by the admiral.

Filipinos Ask

Filipinos Ask

For Protection

YAKIMA (Wash.) Nov. 16. (P)—Declaring that reports of "mob action" against Filipino laborers in the lower Yakims Valley are not exaggerated, a delegation of Filipinos and their white employers today appealed for protection to J. E. Sullivan of the Department of Internal Revenue.

The delegation and on several nights bands of white men, disgrums, the delegation and propensish district advising them to chesp Filipino labore, called upon bunkhouses of the islanders in the Toppenish district advising them to "get cut as" soon as possible." A similar group operated near Wapato, upon at least one cocasion, they said

SAN FRANCISCO, Nov. 16. (Ex

Liquor Battle operation by municipalities water companies, and those started by the municipalities pelition with privately owned yesterday in a pistol battle

TEST CASE NECESSARY

The test cases probably will be necessary, it was said by Dion Holmssistant City Attorney. He explained payment by San Francisco to the government as a tax on the operation of municipal busses, was based upon the Federal requirement that all vehicles for hire seating more than twenty passengers are taxed at \$20 each a year under the 1921 revenue bill, Section 1001. This law ran to January 1, 1925. The government demanded \$600 in taxes and \$577 for penalties and interest. The latter was compromised later after negotiations between the Federal authorities and the city and placed at \$100.

A demand for taxes on Moccasin Creek Power will be made after an investigation by the heads of the Internal Revenue Department in Washington. Collector McLaughlin has asked the city for a copy of the contract between the city and the Pacific Gas and Electric Company, and will forward the copy to Washington together with other data to be supplied by the city.

Within a few weeks it is expected that orders will come from Washington to demand an income tax from the municipal railway. Both the Moccasin Creek and municipal railway demands will be resisted by the city, it was stated. Just what proceedings will be followed to take that matter before the courts has not been decided. ent as a tax on the

Stanford Will Install Its Own Traffic Squad

STANFORD UNIVERSITY, Nov. 16. P)—Some enterprising student or students discovered a possible way to swell the student fund, so beginning December 1, Stanford University will have its own aquad of traffic policemen, replacing Santa Clara county authorities who formerly controlled the situation on the campus.

The men's council of student control will take over the traffic problem, which applies only to students. First offenders coming before the council will be liable to a fine of \$1 to \$3; second offense will mean particles.

Bond Co TELEPH

Secured by San Diego's Largest Bank and Leading Office Building

THE SAN DIEGO FIRST NA-TIONAL COMPANY has been organized under the laws of the State of California by a group of prominent San Diego business men to own the capital stock of the First National Trust & Savings Bank, San Diego's oldest and larg-est bank, and the John D. Spreckels Building, located in the heart of the San Diego business district.

In order to defray in part the cost of acquiring these assets, the Company has issued \$3,750,000 First Mortgage and Collateral Trust 5½% Sinking Fund Gold Bonds, due 1942, which we are offering, priced at 100 and interest, to yield 51/2%.

These bonds are secured by pledge of not less than 9700 shares of the capital stock of the First National Trust and Savings Bank of San Diego (10,000 shares outstanding) and by a first mortrage on magnificent 13-story Class John D. Spreckels Building, which has just been completed. The cobined appraised value of the curity is \$7,080,000, or next twice the amount of this issue.

Average annual net earning of the First National Trust and Sarings Bank for the 3½ years ended June 30, 1927, have been 17 times total annual interest of the bank and building, available for bond inferest, are estimated at more than three times annual requirements. three times annual requ

Backed by proven earning power of San Diego's leading bank and a first mortgage on San Diego's leading office building, these bonds offer, we believe, a decidedly sound and attractive investment.

We shall be pleased to mail you a descriptive circular. Call in person, phone MUtual 7171, or write.

General Chain of Rocks Kingshighway Bridge Company will construct, own and operate a toll bridge across the Mississippi River, under a franchise granted by the Congress of the United States, from a point known as Chain of Rocks in the northern city limits of St. Louis, Missouri, to Mitchell, Illinois. St. Louis has steadily maintained its position as a trading center and as a gateway from the East to the West and Southwest. With its natural water transportation facilities and its increased rail and highway arteries, it has rapidly developed its position as the manufacturing and distributing center of the Middle West. The estimated population of the city and county of

St. Louis, Missouri, and the counties of Madison and St. Clair, Missouri, and the counties of Madison and St. Clair, Illinois, is in excess of 1,200,000. Registered moter vehicles in the city and these counties have increased from approximately 81,000 in 1920 to 240,000 in 1927, and it is estimated that in 1932 in excess of 325,000 moter which and the registered in this tension.

and it is estimated that in 1932 in excess of 325,000 motor vehicles will be registered in this territory. The three cristing highway bridges with only seven traffic lanes, are in-adequate to care for the constant growth of cross-river traffic. Based on an actual count by engineers projected to an annual basis, in excess of ten million vehicles will cross the muting bridges in 1927. It is estimated that prior to completion of the bridge, cross-river traffic will exceed the capacity of existing bridges.

Property The bridge will be of steel cantilever type on reinforced concrete piers approximately 5,300 feet between approaches, 55 feet above high water level and having a concrete paved roadway 20 feet in the clear between curbs to amply accommodate two lines of traffic. With approaches, the entire length of the bridge will be about five miles. Messrs. Brown and Fay, Engineen, have prepared the plans for the bridge, which have been approved by the War Department. The Company has contracted with the Union Bridge and Construction Company for the substructure, and with the American Bridge Company for the superstructure. These Companies have long been identified with successful bridge construction work and are experienced in bridge building on the Mississippi River.

Earnings Coverdale & Colpitts, Consulting Engineers, have completed a detailed study of anicapated income from traffic, based upon which it is constrainely estimated that net earnings during the first year of bridge operation will be approximately two times interest inquirements on the first mortgage bonds, and that net carn.

(Closed Mortgage) Chain of Rocks Kingshighway Bridge Company

First (Closed) Mortgage 61/2% Twenty-Year Sinking Fund Gold Bonds

ings during the first five years of bridge operation will exceed 3.10 times average annual interest requirements on the first mortgage bonds during the same period.

Capitalization Giving effect to present financing, outstanding capitalization of the Company will be as follows:

lative Preferred Stock (Par Value \$100

Security These bonds will be secured, in the opinion of counsel, by a closed first mortgage on

all the real property of the Company now owned or here-after acquired, and on all rights, earnings, revenues and

after acquired, and on all rights, earnings, revenues and franchises. This loan represents approximately 62% of the total estimated cost of the bridge, approaches and rights-of-way. The proceeds from the sale of these bonds and of junior securities of the Company will be deposited with the First Trust and Savings Bank, to be disbursed under the disbursement agreement described in the Trust Indenture securing these bonds. The mortgage provides for the insurance of the bridge against damage by fire, lighting, flood through anythouse explosion, right mali-

flood, tornado, earthquake, collapse, explosion, riot, mali-cious action, and other insurable hazards. Surety bonds have been furnished, guaranteeing the completion of the structure free and clear of liens and encumbrances in ac-cordance with terms of the contract.

Sinking Fund The Trust Indenture under which these First (Closed) Mortgage 6½% Bonds are issued provides for a semi-annual sinking fund commencing October 15, 1932, payable out of net earnings, which should retire this issue before maturity. Bonds may be acquired for the sinking fund either by pur-

chase in the open market or by call in part, by lot at the then existing redemption prices.

Equity Securities to be outstanding upon completion of the bridge and present financing junior to these First Mortgage Bonds will represent a paid-in cash

equity equivalent to about 29% of the total estimated cost of the bridge.

Ships that Sail the Seven Seas-To Shanghai, Hong Kong, Calcutta, Nagasaki, Yokohama, Singapore, Rangoon, Penang, Bangkok, Samboe, Tarakan, — the American Oil Tanker carries the Stars and Stripes, proudly proclaiming to the world that the United States is still a maritime Nation. Time was when the Yankee Clipper was at home in every foreign port, — Fleet-winged ships, swift, graceful in design, with fanciful names, circled the globe, flying Old Glory as the ensign of their registry. Then came the Civil War, the decline of the American Merchant Marine; and our Country sank into insignificance among Maritime Powers. To-day the Petroleum Industry is helping to place our Flag back where it belongs upon the high seas. The sturdy New Englander no longer, alone, goes down to the sea in ships. The seafaring Californian smacks of the brine, and knows the tang of salt air, — For his own Los Angeles is the home port of fleets of busy tankers that ply the Seven Seas. This is No. 3 of a series of advertisements on the Potre I should not see the sandy hour glass run But I should think of shallows and af flate And see my wealthy Andrew dock'd in sand Wailing her high top lower than her ribs"-The Pacific National Bank

Norwegian Hydro-Electric Nitrogen Corporation (Norsk Hydro-Elektrisk Kvaelstofaktieselskab)

Refunding and Improvement Gold Bonds, Series A, 51%

To be Dated as of November 1, 1927

To Mature November 1, 1957

SINKING FUND SUFFICIENT TO RETIRE ENTIRE ISSUE OF SERIES A BONDS BY MATURITY.

November 1. Denominations of this series, \$500 and \$1,000, issuable in the form either of coupon be series A, registerable as to principal only, or of coupon certificates of the National City Bank of Ne York, transferable by delivery merely, registerable as to principal only and issued against the deposit of an equivalent principal amount of registerable as to principal only and issued against the deposit of an equivalent principal amount of registered bonds of series A. Principal and interest payable without deduction for any present or future taxes, assessments, duties, or other charges levied by or within the Kingdom of Norway, in New York City in United States gold coin of the present standard of weight and fineness at the head office of

THE NATIONAL CITY BANK OF NEW YORK, Trustee

Redeemable, at the option of the company, in whole or in part, on any semi-annual interest date, upon 30 days' prior notice, at 102/2 if redeemed on or before November 1, 1931, and at 100 if redeemed thereafter. Also redeemable through operation of the sinking fund on any semi-annual interest date on like notice, on or after May 1, 1931, at 100.

The following is summarized from the letter addressed to us by Dr. Asel Aubert, Managing Director of the Norsk Hydro-Elektrick

The company with its principal wholly owned subsidiary, possesses one of the outstanding water p in the world, located in southern Norway, and ge ing 375,000 horsepower at exceptionally low cost. Since 1907 the company has been manufacturing nitrates and fertilizers by the electric arc process and has recently arranged with the I. G. Farbenindustrie for the adoption of the Haber-Bosch ammonia process, now in successful use in Germany, which will permit the company to increase its capacity to an equivalent of 535,000 tons of nitrate of lime a year, or over 2½ times its present production capacity.

The purpose of this issue of series A bonds is to provide funds for additional facilities in connection with the change in process of manufacture.

The refunding and improvement gold bonds will be secured, in the opinion of counsel, by a pledge of (A) 16.889,000 Norwegian kroner first mortgage bonds, over 35% of the total outstanding issue, and (B) mortgages payable in Norwegian kroner on the properties of the company and its principal subsidiary, which the comcompany and its principal subsidiary, which the company agrees to maintain at a principal amount in kroner equivalent to at least 120% of the principal amount of the refunding and improvement gold bonds outstanding. When the first mortgage bonds are paid the pledged mortgages will become first liens. Reserved bonds are issuable up to \$7,500,000 to refund the first mortgage

with respect to earnings, for not exceeding 60% penditures in excess of \$20,000,000, for the acceptable of the second sec of additional operating property, subjected to the lien of the pledged mortgages. Reserved bonds may also be issued to refund other bonds previously issued under the trust indenture.

For the five years ended June 30, 1927, the consolidated earnings of the company and its principal subadiaries (at rates of exchange prevailing at the close of each fiscal year) available for interest, before provision for depreciation, obsolescence, and charges for taxes based on income and on dividends paid, have averaged over \$3,480,000 per annum, equivalent to more than twice the combined annual interest requirements on the outstanding underlying first mortgage bonds, and the bonds of this issue. According to expert calculations, it is conservatively estimated that under the new process annual earnings available for interest payments, after the completion of the new installations, should amount to approximately six times such combined annual interest requirements.

ADDITION TO OIL **BERTH ORDERED**

Port Board Grants Request of Union Company

Bids on 268-Foot Extension **Expected Shortly** Improvement Provides Space

for Extra Tanker

to Berth 151, operated by the Union Oil Company under lease from the city, the cost to be approximately city, the cost to be approximately \$60,000. The extension will give berthing space for an additional tanker at the company's loading station, necessitated by increased ahipments, including a new refined trade to the Antipodes. Bids will be opened the 30th inst., for construction.

Other dock improvements, reterred to General Manager, Cole, include the

Other dock improvements, referred to General Manager Cole, include the American Hawaiian Steamship Company's request for a 250-foot extension of the shed and pier at Berth 174, and Los Angeles and San Francisco Navigation Company's request for the inclosure of its umbrella-type shed at Berth 58.

On ecommendation of Port Engineer Nicholson, the commissioners decided to reopen the Harbor Department's rock quarries on Catalina Laland, closed everal months ago, when city construction reached low ebb. Since then the commission has ordered rip-rapping at Berths 178 and ebb. Since then the commission has ordered rip-rapping at Berths 178 and 217. The commission also infloated it would open bids from insurance companies the 23rd inst., for \$150,000 of insurance to be renewed on the Harbor Department's floating equipment. The figure is \$100,000 less than last year, due to the sale of floating equipment regarded as surplus when construction became inactive.

FRESH FISH PRICES

FRESH FISH PRICES

TAKE SHARP UPTUEN

Prices on fresh fish to fishermen leaped several cents a pound on certain varieties yesterdsy, following the withdrawal by the State Fish Exchange from the maximum price-fixing field.

The Texas, in with 20,000 pounds of fresh fish from Mexican waters, received as high as 18 cents a pound, cleaned, for barracuda, in contrast to the maximum of 13 cents, the final price set by the exchange before it discontinued regulation Bunday for thirty days.

Other varieties also brought high-cents, yellowtaff, which the State had quoted at 8½ cents, was 11 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents, see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and blue bass from 8 to 10 cents; see bass was up from 18½ to 20 cents, and the states 12 cents. AXING MUNICIPAL OWNERSHIP

decide concerning the isganty of taxeton or municipal property engaged in business for profit, on which a test case is to be made in San Francisco, the equities of the situation are all on the side of the taxgatherer, and are all on the side of the tax-gatherer, and the winning of its case by the government will have a wholesome effect. Too long have municipally owned and operated util-ities been able to hide their inefficiency and make a fictitious showing on their balance sheets, because privately owned companies while they are free from it.

The legal points involved are too sated for much discussion by a layman, who knows only that property owned by political subdivisions is generally apeaking untar-tible. The San Francisco collector of inbetween public property devoted to public use, and public property devoted to compe-tition with the businesses of its citizens. This is certainly a common-sense rules and This is certainly a common-sense rul one that should be a check to so

The collector is of the opinion that the San Francisco bus line operated in connection with the municipal street railway should pay the Federal corporation tax of 13% per cent on its earnings and has collected it. It was paid under protest and the Board of Supervisors has directed the filing of a suit to recover the amount. The collector is preparing to demand the tax due on other San Francisco city-owned businesses which are in competition with privately owned business, but has been hampered in doing so by book-keeping methods which do not show what the earnings, if any, are.

The argument is obviously applicable to the Los Angeles Buresu of Power and Light, which also is in competition with privately owned companies, and the taxpayers of Los Angeles may eventually have to pay in an unexpected way because they took poor advice a few years ago from Dr. John R. Hhynes and fellow-faddists. If the poisonous but noxious chemical, for solvernment wins this suit, it undoubtedly will proceed to collect the taxes due from similar enterprises everywhere and enthusiasm for municipal ownership will wane even more rapidly than it is waning at present. The precedent set by the Federal government of the government says, cannot be removed from alcohol either by distillation or by chemical means, and the smallest trace of it is enough to make alcohol unprofit as still remains, will be put on an even footing with individual initiative.

This will be a big gain for the taxpayer wet charge that the government was delibuted to be a complete success will be welcomed by real friends of prohibition. Aldehol, the announcement of the government says, cannot be removed from alcohol either by distillation or by chemical means, and the smallest trace of it is enough to make alcohol unprofit as still remains, will be put on an even footing with individual initiative.

This will be a big gain for the taxpayer wet charge that the government was delibuted to be a complete success will be welcomed by real friends of prohibition. Aldehol, the announcement of the government says, cannot be removed from alcohol either by distillation or by chemical means, and the smallest trace of it is enough to make alcohol unprofit as still remains, will be put on an even footing with individual initiative.

This will be a big gain for the taxpayer wet charge that the government was delibuted to be a complete success will be welcomed by real friends of prohibition. Aldehol, the announcement of the government says, cannot be removed from alcohol either by distillating the prof. O'Shea of the University of Wisconsin as to the status of

This will be a big gain for the taxpayer, wet charge that the government was delibin several ways. It will broaden the tax base and thus spread the burden more equitably, and it will prevent municipalities from evading their fair share of the general taxes by buying up utilities and stopping their contribution to the expenses of government, to mention only two. But the biggest gain will be to prevent him from being bambooxled into believing that municipal ownership is really profitable from any standpoint, since it will enable a fair comparison to be made with the operations of private companies not under political control, and every such fair comparison, where it has been possible, has always shown the private companies far in the lead.

Public sentiment is already growing in Public sentiment is already growing in

Public sentiment is already growing in California for the proposal to put municipally owned utilities under the control of the State Railroad Commission, obviously a companion step-to taxing them on the same basis as any other business. One gain from this would be to standardize their bookkeeping so that semebody beside an accounting expert could get some real information about them. The Los Angeles Light and Power Bureau notoriously has its books in a muddled state, whether purposely or not, as the Superior Court has been finding out in the steam-plant litigation. out in the steam-plant litigation

TRADE WITH OUR NEIGHBORS

Some striking statistics gathered by the National Foreign Trade Council refute completely the assertion, frequently heard, that the United States is not holding her own in trade with the Latin-American sations. On the contrary, the figures show, exporters of this country are capturing annually an increasing share of this business. In 1925 we supplied 28 per cent of all the imports of the countries between the Rio Grande and Cape Horn as compared with only 14 per cent in 1913, and this year the percentage is expected to rise to 30 per cent. England, Germany and France combined sold these countries 50 per cent of

bined sold these countries 50 per cent of their total imports in 1915, and only 33 per cent an 1925.

In 1927, according to the Council's estimates, exports from the United States to the countries to the south, including the West Indies, will exceed by \$100,000,000 the combined exports of England, Germany and France to these same countries. The total value of these exports is approximately \$1,000,000,000 now as compared with \$200,000,000 before the war, and is about one fifth of all our exports.

"The rumor that we are slipping to Lating the continuation of repudiation. In court Sinclair's silence, under our rules of law, would not be permitted to weigh against him; but at the bar of public opinion trials are conducted differently.

The continuation of the investigation until Sinclair is either convicted or absolved is an urgent necessity. If his money has been used to obstruct justice, justice must vindicate itself, not by jaifing venal private detectives but by punishing their principal.

PUBLIC DEFENDERS

A declaration that the City Public Defenders and the countries of the

growth applies to all our trade and financial contacts and is especially noticeable where competition is keenest, in Argentina, Brazil and Chile. We are now the first supplier

While the war gave the opportunity for this trade development, the principal factor in it, according to Mr. Bavis, is the Panama

After 40 it is well for a man to take stock or get an accurate line on his bodily condition. A little consideration and thought may add many healthful years to his life. The life insurance companies jump their premium rates stiffly after 40 has been in turned and they know why.

A DIETITIAN'S DISCOVERY

Delying first the dead past a British formerly derided our methods."

"Our most significant gain," Mr. Davis ment of the public defender system will, in time, do away with private practice altogether in the criminal courts. If the California State Bar under its self-governing organization now being formed fails to rid its self of the criminal attorneys who are such in both senses of the qualifying adjective, the day when the Public Defender will being copied by our methods." being copied by our chief competormerly derided our methods."

consequence. Well, many poets have suffered for want of food, and Byron's voluntary starvation in the midst of plenty proves bors is disappearing are evidently in the argularity of his genius.

In even worse case. The calamity howlers ing to wrap up their legs in a billow of satin at the order and behest of any Parisian male—even if he happens to be a bors is disappearing are evidently in the latter class.

Another Milestone Passed

This will be a big gain for the taxpayer wet charge that the government was delib-a several ways. It will broaden the tax ease and thus spread the burden more cohol, of course, was never intended to be

The only alternative appeared to be to stop the manufacture of denatured alcohol altogether, yet it is a product so generally useful, indeed virtually indispensable to many manufacturing processes, that this would have been a hard price to pay. Aldeol, according to the government chemists, resolves all these difficulties, so that dena-tured alcohol will not only continue to be available for legitimate purposes, but will be unavailable for illegitimate ones. It is

A NOTHER BAD SMELL
Investigation of the jury-tampering charges in connection with the Fall-Sinclair Teapot Dome trial brought forth its greatest sensation when one of the private detectives employed admittedly by a man close to Sinclair was revealed as a secret, though unpaid, government agent. According to this operative's story the detective agency was engaged in fabricating a mistrial for the benefit of Sinclair and Fall—an effort which the government counsel suc

ly connecting Sinclair or his counsel even with the employment of detectives. But neither has there been, from Sinclair, any

fifth of all our exports.

"The rumor that we are slipping in Latin America has done harm both here and down there," declares O. K. Davis, secretary of the Council, "but it's a complete dud. The ment of three judges of the Municipal Court, and the naming of three additional competition is keenest, in Argentina, Brazil deputies is recommended. The Public De-and Chile. We are now the first supplier fender's office, both city and county, seems of every nation to our south with the excepprotection of the rights of needy defendants, and the recommendation should be

We are expected to accept the weird statement set forth by this authority that perfectly honest men, when they come in perfectly honest men, when they come in contact with women, are inclined to lie, cheat and steal. Carrying this course of reasoning right down the line, what be-comes of the time-honored frontier tradition that where there was no woman in camp men behaved like Dean Swift's yahoos, but as soon as a petticoat waved on the horizon they all shaved, put on clean shirts, stopped wearing and presented a moral front like that of a pew-sitting deacon?

Are we supposed to have arrived at a stage so far remote from that where solicit-ous mammas, looking askance at everything in trousers, carefully calculated what pre cise degree of propinquity was safe and sea-sonable for their daughters, and now, reversing the order, must exercise the same circumspect watchfulness over their sons? Perish the thought! It were too ungallant, tain for one moment.

One swallow doesn't make a summer, and one prejudiced professor—for prejudiced he must be—cannot muddy the well of our deep regard for the benign influence of the

S ILENCE AND FUN

A naturalist is trying to prove that gues that the same thing is true of humans. ing while they are talking. It is hard for the brain to do two chings at once. That is why the professor insists that a garrulous tongue cannot be associated with serious and profound thought. Nevertheless the man who talks may be the more popular citizen. If the thinker is also a doer he establishes his value, but if he merely uses his belfry as a storage bin he may not be worth much more to his fellows that. the guy who can straddle a flagpole for nine days.

WANT EM PLUMP that American men like plump women best. They want an armful and not merely a andful. She says they may not love then fat, but they want them buxom rather than skinny. A Russian princess should know what American gentlemen prefer.

THE POINT OF VIEW By James J. Montague

I saw a lion in a zoo,
I heard the noble creature rags
And earnestly endeavor to
Destroy the bars that held his cage.
"Poor King of Beasts," I sadly sighed,
"How mean was man to tether you
And bid you evermore abide
Within the purileus of a zoo.

You ought to wander wild and free Somewhere on Africa's burning strand,
By right of might you ought to be
A monarch in your native land.
You ought to chase the fleet gazelle
Across the matted forest floor And when you'd feasted long and well To wake the jungle with your roar.

That massive form, that haughty face

That massive form, that haughty that the looks disdainfully on men Are pitifully out of place
In such a dark and dismal den.
I wish that I could set you free
So you could fice to hill or plain There presently you'd come to be Your splendid glorious self again.

The lion lurched against a bar, I saw his shoulders heave and sway, I heard a low and grinding jar And lo the bar had given way! I called the keeper of the zoo, called the keeper of the zoo,
Forgetting all the lion's wrongs
shouted in alarm, "HI, you
Just keep that brute where he belongs!" (Copyright, 1927, by the Bell Syndicate, Inc.)

The old-fashioned word for temerament was bellyaching. Evolution of Mama's Pet: Pre-cious, cute, smart, fresh, rotten.

But if a mind is open enough to let in both sides, it frequently is too open to hold a conviction. Football isn't like war. The ma

who gives the orders gets no credit unless he also carries the ball. Bryan wasn't the only man

grow greater by getting licked. There's Hindenburg.

Americanism: Kicking about the cost of living; being ashamed to ask for something cheaper.

Gotham need not worry so long as enough of a certain kind are born every minute somewhere else.

A penitent thief mailed \$1 to hotel from which he had stolen a towel three years before, but the Pullman Company is not going to declare an extra dividend on the supposition others will follow suit. COMPETITION PAYS

The commuter and competition ave combined to cause the transpor The commuter and competition have combined to cause the transportation business to pay a profit in Barcelona, Spain. Ten years ago the tramways carried all the people that cared to go anywhere and the fare registers rang up only 14,000,000 pesetas a year. Today there are the tramways, two subway systems and an autobus line and the conductors ring up nearly 35,000,000 pesetas. Fares are lower and service is better.

NEVER FELT THE HOOK "Can your finnee keep a secret?
"I should think she can. We were engaged two or three weeks before I knew a thing shout it."—[London Tit-Bits.

High Pressure Used
LOS ANGELES, Nov. 10.—[To
the Editor of The Times:] See
your item, page 19, column 3 part
2, of The Times November 8, entitled Tales of Ruin Bore Council.
The last paragraph or two in this
item tells how the Council passed
a minority petition, gotten over by
high-pressure methods by paid
agents of the paying companies.

by the paving and lighting companies.

So I am going to suggest that some of the Council who have the welfare of the city in mind pass an ordinance that any paving or lighting company, found paying to get these petitions signed, if any petition is gotten over by any other method than real facts as to costs, etc., be made to pay the cost to the city of all surveys, work, etc., and a fine besides. Understand I am in favor of reasonable improvements, but these petitions should be gotten up by the people in the district, and by them only through voluntary signing same, not through high-pressure paid agents.

MRS. A. CARPENTER.

NEWHALL, Nov. 12.—[To the Editor of The Times:] I have just read the article in your paper announcing the passing of Col. John Sobieski. The writer first become acquainted with this sterling man in the late seventie, and early eightles while the memorable battle for the Kansas constitutional prohibition amendment was being they might better be decreased.

prohibition amenument was a waged.

While his earlier life was spent amid the carnage of the battle-fields and guerrilla warfare of this and other countries, he came out of these experiences, neither soured nor embittered, but with one among the most sweet, unassuming and lovable souls it has ever been our privilege to know.

and it alian professor says the world eventually will speak with one tongue. There's another Italian who knows whose tongue it will be.

Printers should be more careful about spacing. We wrote of a man's "adamant mind," and the printer set it: "a dam ant mind."

An Italian professor says the lovable souls it has ever been our privilege to know. His heart contained no touch of the selfishness or greed, and his aim and ambition was to make better, higher and purer conditions for the age and the race, in and among which he lived. Peace be to his ashes; we shall not soon see his result of the state of the same of t

Americanism: Kicking about the cost of living; being ashamed to ask for something cheaper.

Comparatively few divorced men marry the third time, which shows that the dumbest can learn if they'll keep at it.

General practitioner: The traffic cop of medicine, there to point out the right specialist.

Our own theory is that Chinese just mobilize and attack a town because its darned name is so hard to pronounce.

Those Indians co-eds who are forbidden to ride in automobiles will have to walk both ways from now on.

Everything Else But ...

LOS ANGELES, Nov. 14.—[To the Editor of The Times:] May I take advantage of the hospitality of your paper to enter a respectful protest against the method used to reach foreign languages, and especially French, in our high schools? The ellidren are literally surfeited with all kind of theoretical and grammatical technicalities; they learn all the rules and the exceptions of the exceptions and so forth and so on, but they do not seem to learn any French.

Not one out of a hundred girls graduated from the high school, I venture to say, could sustain a two-minute conversation in French—and that after having had a two or three-year course in that lan-

bidden to ride in automobiles will have to walk both ways from now on.

If Nature had intended man to fight with his fists, she wouldn't have made a finger bone more delicate than a chin bone.

If our souls enter animals when we die, the slain pedestrian must find a grim satisfaction in being a porcupine.

Science can explain everything except why popular Dixle songs require being sung through the nose.

Correct this sentence: "Even when my husband dresses for a party," said she, "he never sneaks any of my powder."

Onion growers are asking for higher tariff protection. "If you have tears, prepare to shed them now."

Discovery of a neolithic alphabet 10,000 years old suggests that the boys seeking for unknown letters with which to name fraternities may have overlooked a bet.

New York is alarmed at a 25 per cent decrease in the birth rate during the last fifteen years, but the content of the c

John Cotton Dana, librarian of the Newark Public Library, has just issued a little booklet called "Surprising Statements." including this one from an address by Henry B. Thayer at Dartmourh College:

"It is easy to fool yourself. It is more difficult to fool the people you work for. It is still more difficult to fool the people you work with, and it is almost impossible to fool the people who work under your direction."—[Outlook. STOLE BARBER SHOP

"Walter! Are you hard of hearing?"
"Possibly. sir, possibly."
"I thought so. I asked for liver, not leather."—[London Tit-Bits.

MARIE PREVOST **DUE FOR DECREE**

Divorce Promised on Filing of Amended Complaint

Court Undecided for Time on Cruelty Question

Plaintiff on Stand Tells of Harlan's Conduct

For a long time yesterday afternoon Judge Bowron was visibly "on the fence" in the matter of the con-duct of Kenneth Harlan. He was

probably Harlan, everything considprobably harian, everyining considered, really was pretty cruel, and so he promised to give Marie Prevost a divorce, when certain formalities are complied with. That will

Before him, on the witness stand, were first, Miss Prevost, and then Vers Steadman, to tell the judge how inconsiderate Harlan had been doing the last seven months the couple lived together. Most nights he stayed out, and on the nights he did not stay out he brought disagreeable persons home to revel with him, the witnesses said, persons who would do such things as to leap into the swimming pool at 4 a.m. and leave empty bottles lying about the house.

MOST ANNOYING HABIT

MOST ANNOYING HABIT
The habit that apparently caused Miss Prevoet the most annoyance, however, was that of promising to come home and then not doing so. On his frequent nights out, she said, Harlan would begin calling her about midnight to announce his early departure for the home and fireside. An hour or so later would come another call, to inform Mrs. Harlan that her husband was all ready to start. Another hour and another call would apprise her of the fact that he was really and truly all set to come home. This sort of thing, kept up until daybreak, was hard on the health of a girl who had to get up early for a hard day on location, Miss Prevost submitted. And for three months Harlan frequently was drunk, she said.

Harlan was not present, but Judge Bowron read a letter he had written Miss Prevost while he was out of the city.

CONTENTS OF LETTER dear," it read, "I am terrib ad ashamed of a lot of thin pecially for worrying you.

really am.

"Have gone to Santa Barbara and will go back tonight and then the merry-go-round will end and I will not worry you again, honestly Love from your bad baby, who does bad things, but does not mean them, and who is going to try and straighten of syldence.

ACTRESS, WEDS TODAY

actress, and Wilson Jones are to be married today at 11 a.m. at St. Basil's Cathedral on Wilshire Boulevard by Rev. Edward Kirk. The couple will not leave on a honeymoon until af-ter Miss Howard finishes her work in a picture being filmed at the Metro-Goldwyn-Mayer studio. Miss Howard is a sister of Mrs. Satural Goldwyn-

PICKING JURY FOR MURDER the government liquor warehouse robbers here of December 10, 1925, was revealed yesterday when the Federal

Prosecution Hints It Will Ask Death Penalty for Van de Mark

Selection of a jury to try Arthur H. Van de Mark, Inglewood used-car dealer, on a charge of murder growentirely the motive of the bold theft but that the defendants had en-tered into an asserted conspiracy to quash certain liquor cases now pending in Federal Court by stealing evidence. erator, was begun yesterday in Judge Aggeler's court. Van de Mark is accused of shooting

pending in Federal Court by stealing evidence.

The defendants reindicted are Maj Donald M. McRae, aide to former Prohibition Administrator Frith; Joseph E. Waish, James E. Lloyd, Bruce Butler, Orval Jones, Robert Davis, Syd Worrall, William H. Worrall, Elzie Sproul, Frank Buckingham, M. A. Morrison and Harry Brown.

The defendants are scheduled to go to trial before Federal Judge Henning on December 6, next. The prosecution will be handled by Asst U. S. Attys. Simpson and Gallagher.

The robbery of the government warehouse took place December 10, 1925, when several armed men overpowered a watchman, loaded trucks and escaped with 700 cases of liquor. The robbers were frightened away before all trucks were loaded.

The trial will be resumed today with the taking of testimony scheduled to get under way.

Welcomed by France

If they will persist in sending us such lovely creations, they should change their name so that we may spell it—those Schecho-Schlavackians—or something. I settle it as did the little girl with her first spelling in school. "Nothing is spelt as it sounds," she said, "so I just put in all the letters I can think of." But all the letters I can think of." But in the use of color—they just put to the use of color—they just put.

A thrilling word picture of Col.
Lindbergh's reception in France was brought up by Rev. Stewart P. MacLennan. pastor of the First Prespyterian Church of Hollywood,

Hollywood,

abroad, before a luncheon of the Optimists' Club yesterday, "Lindbergh walked right into the heart of France," he said. "Never in the history of the country was such a tribute paid

history of the country was such a tribute paid to Any individual as was paid to Lindbergh. He stood to represent to the world America at its best.

"It seems as if Almighty God did something that could not have been done for the world in any other way. In Lindbergh the youth and ideals of America stood clean and fine to interpret what our nation stands for correctly to the world."

Dr. MacLennan recalled how the nation united its prayers at the time of the flight, and declared his belief that divine intervention was largely responsible for the success of the stempt.

Many of the clever-fingered girls are making their own hats of felt. One may purchase felt yardage in any of the soft colors so liked for hats; or if one cares for more elaboration, one may purchase package hats—felt sufficient for the body of the hat, with a pattern for fashioning, and felten pieces for flower trimming, together with instructions for the completion of the charges:

ver, gunmetal, is enhanced by bor-

Your Screen Favorite

If you are a little girl who likes picture plays—and what girl little or big does not—you, of course, have your favorite cinema star; and did you know that, if you ask Santa Claus—and ask hard enough—you may find beside your Christmas morning stocking, a doll whose waxen features are the veriest replica of that screen actress whom you like best? These dolls are made right in Hollywood, where the screen people live and so, of course, while modeling the dollish features, the doll-maker can look svery few seconds at the popular actress whose features she is incorporating! Maybe, Anyhow, the dolls do resemble, very strikingly, the cinema folk whom they are designed to replica.

Hand in Glove With Fashion

A new handbag of soft gray kid has mounting of bright red galaith. The pull-on glove in light beige or white chamois is the one most often

ellk has an initial on the pocket or tie.

Long glittering chains of rhinestone are very effective against dark velvets.

Among the latest importations are separate belts of antelope, with rhinestone buckles.

Buckles of two large crystals fasten the tailored belts worn with chiffon frocks.

Parisian dressmakers use long sleeves on both formal afternoon and dinner dresses.

A pin of rhinestones and crystals in leaf design is voguish when worn on hat or shoulder.

Fine gold or silver embroidery is used on black lace gowns for evening or theater wear.

used on black lace gowns for evening or theater wear.

Long trailing leaves or flowers form a graceful shoulder ornament on the plain evening gown.

More short strands of pearls are worn than long ones, but the lengthy ropes still are good form.

Godets and flounces give the fullness of skirts, replacing the pleats universally used last season.

The felt hat, with brim cut in front and brought up on the crown, is very smart for this winter.

Checked alpaca is an excellent material for the school dress. It may be trimmed with a plain color.

d alpaca is an excellent ma-the school dress. It may sed with a plain color.

Morosco Changes Play Name

It transpires that Richard Carle
had a play named "Mary's Lamb," in
which he appeared about twenty years
ago. Whether there is a statute of
limitations or not, it appears that
objection has been made to Oliver,
Morosco for naming his new musical
comedy "Mary's Little Lamb."

Morosco didn't worry a single bit.
He ast down and fagured out a new
name, secording to numerology, and
that name is "The Morning After."
by which name, after all, the music
may sound just as sweet, and which,
you will widnit, has more of a wallop
to it than the original.

The date of the premiere of "The
Morning After" has been changed to
December 20. at the Rillimore.

DENNY ACTS ENGLISH

To the average fan, Reginald Denny is known only as one of his (or her) screen idols. It will be an agreeable surprise to such a one to learn that Denny (the son of a well-known English actor)—had several years before the footlights ere he transferred his affections to the studios and screen work.

affections to the studios and screen work.

He has taken part in every kind of stage performance—from Shakespeare to musical comedy — playing leads both in London and New York. Among other parts he supported Marie Tempest in Barrie's "Rosalind" and played with George Arlias and Barrymore in various productions.

He is now scheduled to play the lead—the part of an English officer—in the next production of the Little Theater of Los Angeles at the Gamut Club on the 22nd to the 25th inst. (inclusive.)

The play is "The Great Catherine."

MEET ME TONIGHT IN

DREAM LAND! GRAND OPENING of West's Largest Ball Room Thursday Nite, Nov. 17, 537½ S. MAIN ST.

Opening nite SOUVENIRS for all, special lucky number door prize. WALTZ CONTEST. PRIZES, three silver gold-lined loving cups. Free admission until 8 p.m.

BEAUTY is only skin deep-or less; yes is not the shallowest thing

about plenty of girls, running third to minds and figures.

Hollywood is so full of beauties who tried to conquer the movies but didn't have anything to them that there aren't half enough dish-washer jobs to so around.

jobs to go around.

Deep-bosomed women, once idealized by poets, wouldn't stand a flapper-thin chance in a modern beauty contest—but they're still the most comforting kind wherever there's real trouble.

Dare to call a girl buxom now and she surely will buck some.

Where do they get the idea that only the flat-tire figure is lovely? Venus de Milo looks as if she never missed a meal, yet she's been a beauty model for more than 2000 years. And as for vamps he-men like Caesar and anthony wouldn't have looked twice at Cleopatra if she'd weighed an ounce under 150.

Yes. Palomine, that school-girl complexion may flag a man, but if it isn't backed by something more substantial tham that achool-girl line of chatter he'll soon be driven to stunt-flying.

Conclusions

Speakin' of gettin' left 'minds mer Doo Brady had the boys all laughin' up to the store that other night tellin' we bout the time old Ephra'm Pilisbury was sick after he had that fall through into the barn cellar, the time the hired man ran away with Si Gleason's wife after the picnic up to Beach Flum Grove, and he had to do the chores. Boc says they had to keep the old man in bed and awful quiet, so the grandchildren, those kids of you or Ephris'm's by his first wife, that harum-scarum gel of Seth Wilbur's, was sent over to Ephris's sister's husb '4's folks up to Cranberryville.

Well, it seems -Doc was up to Ephra'm's the day the kids come home and he told 'wm they could go in and see their grandpa, but they was only to stand quiet by the 'red few minutes.

Well, Doc says he thought he'd die when the kids come out of that

highways and installation of side-walks from Bakersfield to the Kern River, which lies between this city and communities to the north, were stressed today by Arthur S. Crites, retiring president of the Civic Commercial Association as three projects in which the new board of directors should interest itself.

The farewell address was given before sixty Bakersfield business leaders who assembled at a dinner at El Tejon Hotel as guests of President Crites. Mr. Crites's term of office as president and director of the Civic Association will expire this month, and the banquet was given by him as a mark of appreciation for the services and co-operation of workers in the recent membership campaign, directors of the organizations and representatives of the press.

installation of water meters to aid consumers in keeping a proper check on the quantity used, more than 150 residents of the district have signed a petition to be presented to the State Railroad Commission in the near future.

The present water rate is 12.6 cents a barrel, which is held to be exorbitant and to prevent home owners from properly caring for lawns, trees and shrubbery. A proper dial will enable accurate record to be kept, it is claimed, and the dial now in use is declared unsatisfactory, as the average consumer is said to be entirely ignorant regarding its reading.

winming meet ever in the Ban Pernando Val-hald at the Collseum as baturday afternoon, the ASKS CHANGE OF VENUE REDLANDS, Nov. 16.—The test as to whether Jack Brown, county dry officer, has a right to try all his liquor cases in the Redlands justice courts, has been delayed in the continuance of the trial of Sam Grunness, charged with possession, whose attorney, Lester King, asked for a change of venue on the grounds that Redlands people are biased and unfair to bootleggers.

NEW TRAFFIC SIGNS

ALHAMBRA, Nov. 16.—New automatic traffic signals were placed in operation today at the Valley Boulevard in operation today at the Valley Boulevard contents is now under way. More through automobile traffic passes on this highway than on any other Alhambra thoroughfars.

RADE CROSSING HINTS GIVEN

KHJ Speaker Urges Drivers to Slow Down Always and Shift Gears

Almost 10,000 persons have been killed in automobile ac-cidents at grade crossings within the last five years, Sergt. E. L. Johnson pointed out in his traffic safety talk over radio sizing the danger that lurks at those points.

All grade crossings are provided with signals readily visible at a safe distance, he declared, and motorists by slowing down in time can avoid danger, Shift-ing gears will also eliminate the possibility of stalling on the tracks, he said.

****** **ACTION HELD** BACK ON AIR FIELD ROWS

Ninety-fifth street and Western ave-

Ninety-fifth street and Western avenue, Chief City Prosecutor Concannon yesterday held in abeyance the issuance of complaints charging two commercial companies with maintaining a nuisance.

A score of property owners of the section appeared yesterday at the office of Prosecutor Concannon to supply information upon which to base the complaints, but after an hour's conference, the official stated he needs more perceptible evidence of a violation of the law.

While Chief Investigator Vail instructed his aides. Investigators Crawford and Mortley, to continue their inquiry into conditions at the two airports under consideration, Prosecutor Concannon continued the hearing until tomorrow at 10 a.m., when both factions are expected to be present.

C. H. DIGGS **HONORED BY** COMMISSION

> Pasadenan Made Director of Los Angeles Regional Planning Group

Charles H. Diggs of Pasadena has been appointed director of the Los Anegeles Regional Planning Commis-

succeeds Hugh Pomeroy, who re-signed recently. Mr. Diggs has been in charge of the Pacific Coast office of the Harland Bartholomew organization, which is drawing city plans for Giendale, Oak-land. Sacramento, and Vancouver, B. C., occupying this post for the past three years. He also was resi-dent engineer of the major highways committee of the Traffic Commis-sion.

sion.

For twelve years Mr. Diggs was engaged in planning work for the Federal government, stationed at Washington, D. C. He is a graduate of Illinois University.

MAT BOUT MAY COST MAN LIFE

G. Bench, Well-Known Amateur, Suffers Possible Broken Neck in Match

George Bench, widely known amateur wrestler, today is in the Meth-odist Hospital suffering a probable fractured neck as the result of a restling bout last night at the Los

wrestling bout last night at the Los Angeles Athletic Club.

Bench, who was defeated recently in the West Coast amateur championship bouts at the Olympic Auditorium, was wrestling with Maurics T. McGill, former West Coast middleweight champion.

The two men were said to have participated in a playful bout in the symnasium of the club. During the wrestling, Bench collapsed from what appeared to be a body hold, according to reports.

The injured man was rushed to the Methodist Hospital where X-ray photographs were taken of his neck and spine. McGill remained at the hospital during the night.

When asked for his version of the accident, McGill replied sharpiy:

"Til tell you nothing. It would be injurious to wrestling. Get your story from the police."

Hospital authorities declared Bench was resting easily and probably would recover.

FILM MAN TO SPEAK

Jason S. Joy Down for Address at Pan-Pacific Association Dinner

Jason S. Joy, director of public re-Jason S. Joy, director of public relations for the Association of Motton-Picture Producers, will speak on "What Motion Pictures Are Doing to Promote Better Understanding Among Nations" at the regular monthly travel dinner of the Pan-Pacific Association for Mutual Understanding at the Windsor Tea Rooms, 527 West Seventh street, Monday, the 21st inst., at 6 p.m.

The contribution of the United States to the Pacific regions and activities of the United States Department of Commerce also will be discussed. A musical program has been arranged.

Today's Best Bargains in Used Cars

Roadsters and coupes, sedans and touring cars, in all the standard makes, are priced at rock-bottom for today in Times Want Ads. Every Thursday is "Special Used Car Day" in these columns. Don't overlook this opportunity to obtain a good-looking car, in fine condition, at the lowest price for which it can be sold.

AWAY WITH REPRIMAN

Comedian Pleads Gu to Paing Drunk at Hearing on Crash Inta Taxicab

the actor explained to the trate.

Chase, however, pleaded gumy the charge of being intoxicated, as er than undergo the incommunion of a public cours trial and given a fifty-day suspended tence. Inasmuch as no one was in the accident, Judge agreed that Chase should be leased with a severe reprimand.

After crashing into the rear of the cab, Chase is asserted to adviven off at an excessive site aspect. Policemen Kelly, Rice Rombeau gave chase and supplianed he did not believe any page was done to the taxina proceeded on his way. Frank was riding with him at the tip police reported.

PAYNE ASKS **OPINION ON** AUDIT QUIZ

> Would Like to Know ! He Has Right to Demand Grand Jury Affidavit

A written request from ComAuditor Payne was received years
by County's legal department
render an opinion as to when
Payne has the right to demand a
amdavit from the grand jury sudsetting forth the nature of the
its made and stating whether er a
all of the auditors employed was
the pay roll at all times, quasithe started a heated controvbetween the grand jury and hysome days ago.

Although rumons lais might we
that the County Counsal had also
prepared an opinion backing Paystand, Mattoon asserted that also
ome preliminary work had been a
come preliminary work had been
some preliminary work had been
on the matter, such as gatheling in
available authorities, and that a
copinion would be forthcoming us
the counsel and his deputies pas o
it in conference near featuring.

As the questions involve the or
thority of the grand jury in finanthe audits of the outdoor relial o
partment of the county charities of
of the county museum, the epitais looked upon with considerable is
looked upon with considerable is
